

Student Council Meeting 8/09/2021

1. Introduction/Attendance

- Sara, Matteo, Sonja, Celia, Denise, Richa

2. Update about Big Student Council meetings

- WhatsApp group creation (Sara) for contacting 1st semester students rather than e-mail contact through Cornelia
 - o Forward mobile number through e-mail for joining WhatsApp
- Start meetings with all Immuno masters (including LIMES masters)?

3. Study-buddy program (**Aurelia** person in charge)

- 3rd semester volunteers
 - o Ask for volunteers: before Friday 10/09
 - They should forward a contact email that we will share with the first year students
 - o Confirmation list: until Tuesday 14/09
- Pairing Wednesday 15/09
- Confirmation email with the pairs 16/09
- Send short reminder with list of already signed up volunteers to make sure everyone who wants to volunteer can

4. Welcome Week → hybrid

- Online 2nd October (**Sonja** and **Sara** responsible):
 - o Time 7 pm
 - o Speed dating: classical speed dating +/- some short introductory games?
 - Speed dating with word pairings
 - o Give 3rd Semesters opportunity to join
- In person 9th October (**Denise, Teresa** and **Celia**)
 - o Inform attendees (1st and 3rd semester) about 3G condition (vaccinated, tested or recovered)

- Date and responsible of sending the definitive invitation email? **10th or 13th September**
 - Combine with reminder for event alongside hygiene rules to ensure to take appropriate documentation for first years
 - WhatsApp message for 2nd years and then remind again closer to event start (end of September, first October week?)
 - Wait with mail for 1st semesters until response from large student council if we need to keep anything in mind
 - Hygiene concept (should be sent to Cornelia or to the participants? Or it is an “internal” document?)
 - Official hygiene concept would be e-mailed to ASTA and Arbeitsschutz (check with big student council for template to adapt), contact Tim or Jonas? → sufficiently small group to organize as private meeting, organize one as backup from bigger council
 - City rally (split up for easier contacting?)
- Possible meet up at common point with other masters doing city rally (leave up to chance)
 - Requirement of hygiene concept may interfere with meeting up with larger groups or mixing groups (take over hygiene concept from other groups)
- Might take inspiration from Teresa’s previous rally
- Also send e-mail regarding concrete plans for first years
- Supervisors from our year to take care if problems arise and send off/collect the groups in beginning and end
- Ensure 3G rule if we want to go anywhere with the group
 - Check before starting (diligently check)
- Meet up with 2nd years only at Biergarten?
- Aim to have it done on the weekend next week with Teresa
- Send confirmation mails to people wanting to attend meeting (Aurelia/Matteo)?
