

## **Student Council Meeting 12/10/2021**

1. Attendance
  - a. Celia, Denise, Sara, Matteo, Sonja, Richa
  - b. 1st semester guests: Emmy, Vishakha, Debby
2. Evaluation welcome week
  - a. Online-Event
  - b. City Rallye
    - Success with the 1st semester students
    - Students can get to know each other before lectures start
    - All events were received well, also the participation of many 3rd semester students was positively mentioned
3. Financing of welcome week
  - Receipt from the t-shirts has to be handed to the Big Student council
  - 1 t-shirt is left over, since one person was registered twice by mistake, it has to be returned before the receipt is handed in for recompensating
4. Future events
  - a. In-person Student Council meeting?
    - Book a room at the Venusberg campus
    - Hybrid format for the ones who want to join online
    - Meet on Wednesday 27<sup>th</sup> October at 7 PM in person
  - b. Weekly meetings at Mensa?
    - One day each month to have lunch together
    - Every other week when we don't have a student council meeting
    - Send doodle to the group → Matteo responsible

- c. Gatherings on Saturday: hikings, visiting new cities...?
  - Once a month maybe, either a local event (having a beer, going for a walk) or do something in NRW where we can get to by train
  - Take turns suggesting events to do
  - Announce 3 weeks in advance? 2 weeks?
- d. Meetings of the 1<sup>st</sup> semester students from LIMES and UKB?
  - They will meet in the lectures if they are in person
  - Finding an appropriate location for a large group will be difficult since outside will be too cold
- e. Christmas party with the LIMES students?
  - The LIMES already has a Christmas party
  - We can organize a Christmas party with the other UKB master courses
  - At the passageway between BMZ I and II?
  - Contact the Microbiology and Neuroscience master courses to see if they are interested
  
  - Student council meetings have to be switched to another day due to appointments → Wednesdays

## 5. Dongles for Flow Cytometry
