

Protocol-22.02.2022.

1. Survey regarding exams

How they can be changed; prefer shifting exams to a later time point or shifting lectures earlier?

Provide several options/open question

LIMES lectures-too spread out, can we put one clinical lecture in the afternoon in each week of Immunology? Try to shift Immunology or shift Clinical

Separating physiology and pharmacology- propose to accreditation, but could cause problem due to exam dates

Hena- survey via Google Survey, approve questions with others before sending it out

2. Logo

Vicky will work on several design, voting will be done on the best (hoodies still remain with the old logo)

3. Fachschaft

ASTA communication to see what the next steps are, can we start with it

Currently associated with Biochemistry, proposal to organize one FS with other Medical Masters, get in contact with them

Needs an official Student Election

Get money to improve quality of teaching from Medical FS-dongles mainly (Julia to contact Cornelia)

4. Freshmen week

Open meeting at beginning of Summer semester

Sponsorship through tote bags with school material

5. Social media

Start Instagram for freshmen information about the course- use official email (Vicky)

6. Meetings

Try meetings once a week to decrease workload-**Tuesdays at 7pm**

Keep them open- send links to everyone can join

7. Drive

Bianca-take over Drive, create folders for module summaries

Main things to do: survey, ASTA
