

Protocol-22.03.2022.

1. Attendance, protocol

- Vishakha, Hena and Bianca attended
- The last protocol was accepted

2. Instagram

- Only post picture which are taken by us
- For pictures with <15 people we need permission for posting from everyone on the pictures
- Vikki will set up the account and distribute log in data to student council

3. IT - Website

- Bianca will ask Cornelia if we can present our student council on the cluster's website as the study program itself is presented there
- Suggested content:
 - o What does the student council do?
 - o Group picture of elected student council
 - o Contact data (mail address, Instagram)
 - o Short descriptions of courses from students' perspectives (e.g. content, how much effort they are (in advance and after the lectures), maybe comments on how difficult the respective exam was)
 - o How to get along in Bonn (where to live, how to get which documents (e.g. residence permit), German courses, job possibilities, how to get to know people)

4. Lab rotation symposium

- Suggested dates: 06.04.22, 13.04.22 in the evening; we will let the old student council decide on the date as their batch will present their labs/projects
- Bianca will prepare a questionnaire for them to give a short overview where they did their lab rotations and how they liked it
- It the zoom meeting they will give more detailed information

5. Others

- Nothing more to discuss
